# Kaushal Teleportation Lab

Fiction into Reality

---

# ABOUT US

---

## Research into Innovation

Our research involves constant investigating and redesigning of the scientific questions posed. The strength of our research lies in the breadth and depth of the experimental and theoretical approaches we utilizes in understanding the mechanisms that drive the systems we are working upon.

# PROBLEM

---

## Global Warming & Climate Change

- At par emission of green house gases into the atmosphere.
- Burning of fossil fuels for the purpose of electricity, heat and transportation.
- Climate change is an exponentially increasing threat to humans.

# SOLUTION

- **Human Teleportation System** is a global, long-term, effective and immediate solution for tackling climate change with utmost efficiency.
- It will be possible only after a combination of branches of science like physics, astronomy, astrology, chemistry, biology, psychology and some modern fields of engineering and technology.

# Human Teleportation! Really?

## Theoretical Overview of Research

### Motivation

- A. Never ending uniform layer of dust over any surface
- B. Every light source converges to a point source as we move away from it

### Theory of Special Connectivity

Every mass (atom to black hole) has a web of gravitational waves around it whose smallest unit is kaushal constant

$$K = \frac{mGh}{ga^2} = \frac{ma^2}{t} = \sqrt{Qma}$$

- When two objects having their individual webs of GWs came in physical contact with one another then they will form a new web of GWs encircling both the individual webs and will start acting as a single unit of mass.
- One kaushal can hold only one molecule.
- Its Gravitational-Space-Time

# Human Teleportation! Flash & Bones?

## Significance of Research

### Motivation

- A. Every mass is made up of five fundamental elements
- B. Most mysterious among them is Empty Space
- C. Human Body is 99.99% empty space

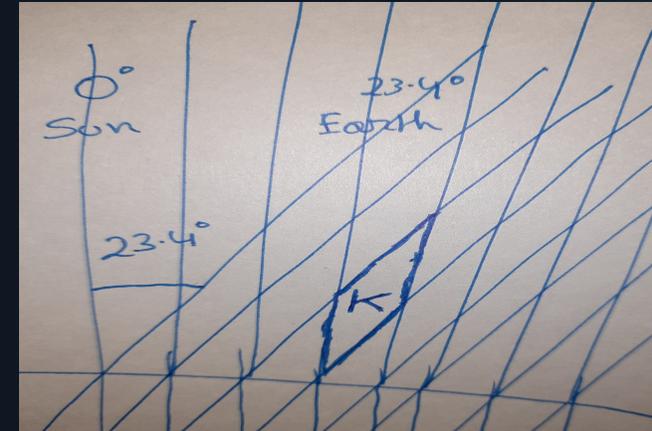

### Theory of Special Connectivity

This empty space is what we are calling a web of gravitational waves

- Whenever a mass changes its relative position in gravitational-space-time it radiates gravitational waves in the direction of motion and this change is opposed by effective surrounding gravitational waves.
- GWs/Darkness/Shadows/Dark Energy travels faster than the speed of light ( $c^2$ ).
- GWs travels in a straight line.

# Formula Wall

## Some Important Results

$$\text{Force of Gravity} = \frac{K^2}{ma^3} = \frac{K_1 K_2}{ma^3}$$

$$\text{Charge } q = \sqrt{\frac{K}{R}}$$

$$\text{Current } I = \frac{K}{ma^2} \sqrt{\frac{K}{R}}$$

$$\text{Eq. of Consciousness: } 1 = 0 ; 2 = 1 ; 2 = -1$$

$$\text{Voltage } V = \frac{K}{ma^2} \sqrt{KR}$$

$$\text{Kinetic Energy} = \frac{K^2}{2ma^2}$$

$$K = \frac{3h}{2\pi}$$

$$\text{Capacitance } C = \frac{ma^2}{KR}$$

$$\text{(Kepler's Law) } T = \frac{2\pi ma^2}{K}$$

$$\text{Inductance } L = \frac{2}{3} \frac{ma^2 R}{K}$$

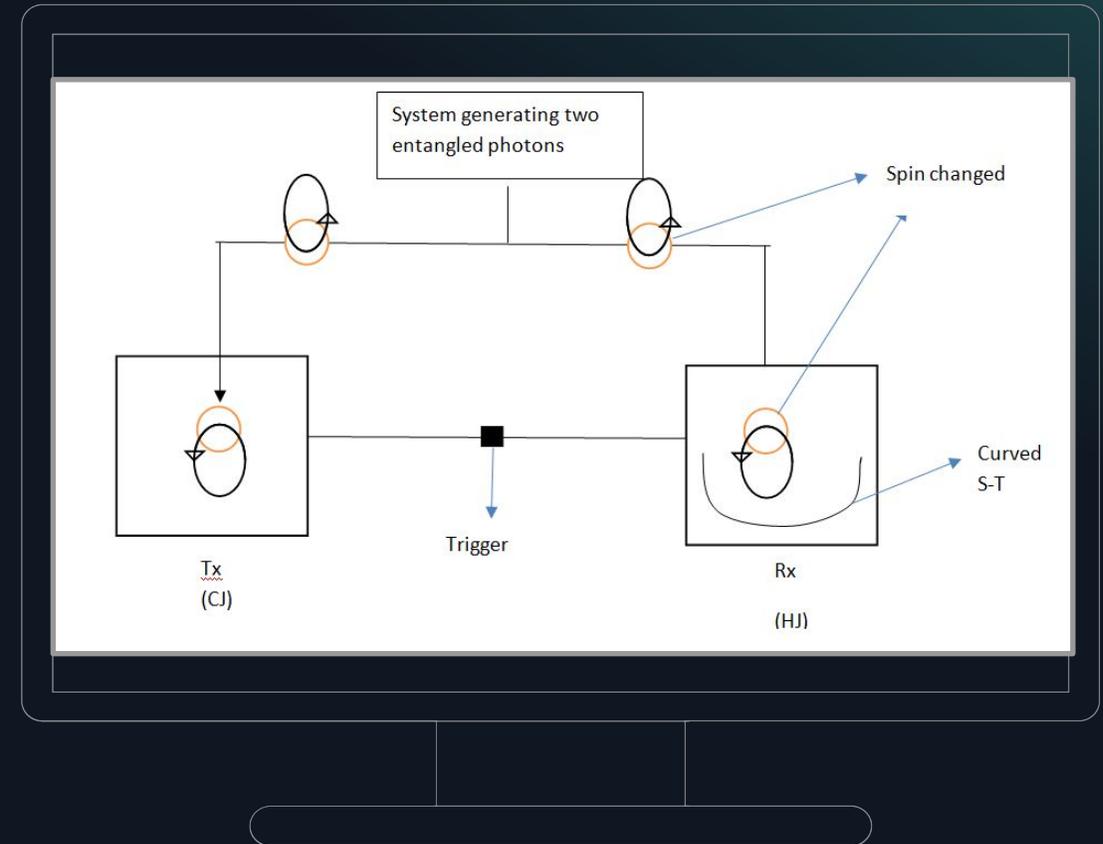

$$\theta = \sin^{-1} \left( \frac{\sin(\tan x)}{x} \right)$$

# Human Teleportation? Yes!

## Theory of Special Connectivity & General Relativity

- At transmitter end, Theory of Special Connectivity will be applied as a new web of GWs will be formed in between human and photon/electron.
- At receiver end, General Relativity will be applied which says that space-time is wrapped around a mass. So if we wrap the space-time then there has to have a mass.

# BUSINESS MODEL-B2G

Investment will be a catalyst for us to reach at step 1

**Invent**

**Reproduce**

**Install & Expand**

# MARKET OPPORTUNITY

**Total Addressable Market (TAM), Served Available Market (SAM) & Target Market (TM)**

- India is the 4<sup>th</sup> largest producer of automobiles (TM)
- First three are China, USA & Japan (SAM)
- \$ 2667 Billion is our TAM

# REVENUE MODEL

- Project Development Life Cycle is of two years including slack
- Revenue Life Cycle will start at the end of 2<sup>nd</sup> year

\$0

## Nil Revenue Phase

- During PDLC we will be pitching our technology to various governments across country and globe and will try to fix a deal before the end of PDLC
- B2G business model

\$1138.5 B

## RLC will start at the end of PDLC

- \$1138.5 Billion is the pre-revenue valuation value of our project using discounted cash flow method

# COMPETITION

- Instantaneous Travel - USP
- Convenient and Less Expensive

## Land Automobile

- Tesla being a high price and high market share player is our major competitor.
- Volkswagen AG a major player having high market size and ranging in between low to high price.
- Toyota, Nissan and Hyundai are also on our list.
- Wired Teleportation System will deal with short distance travel.

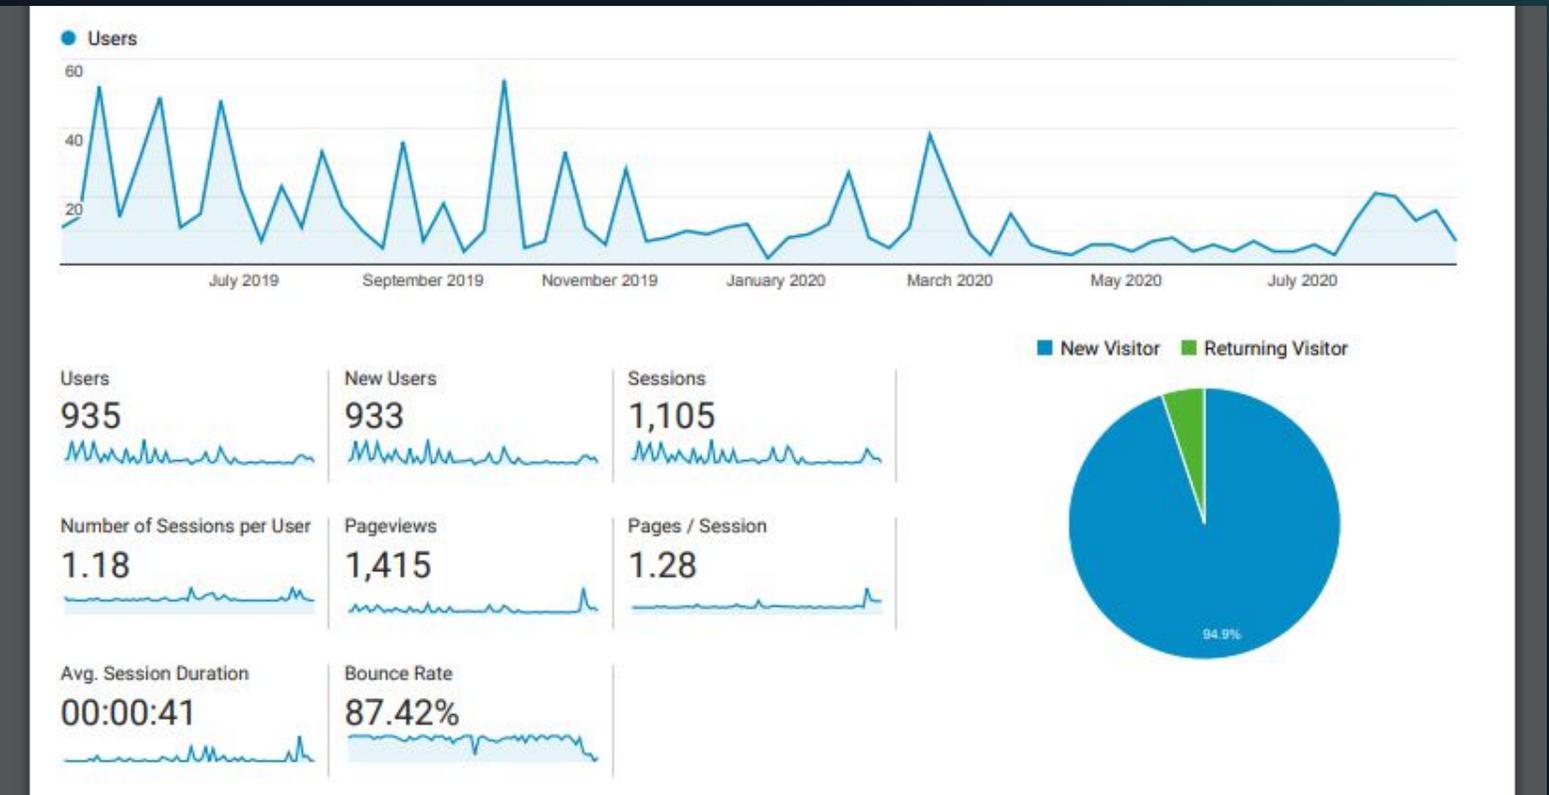

## Air Automobile

- Eviation, an Israeli startup who has developed electric planes,
- Others on the list of Electric Aviation are MagniX & Pipistrel.
- Major players in the field of aviation are Boeing, Airbus, Lockheed Martin and many more.
- Wireless Teleportation System will deal with large distance travel.

# TRACTION

- Data represents website's visitors ever since company's incorporation.
- Theory of Special Connectivity is translated into 8 different languages.
- Researches are indexed in Semantics Scholar, Index Copernicus, Research Gate and others.

Apr 2019

### **Incorporation**

Incorporated as a private limited company on 29<sup>th</sup> of April, 2019

Aug 2019

### **DPIIT Recognition**

Recognized as a startup by Government of India and Uttar Pradesh

Nov 2019

### **ITC Certified**

Quality in Business certified by International Trade Council

Nov 2020

### **Way to Incubation**

Winners of Hexgn Startup Ready Program (missed). Winners of CEDI NITT call for Startups Program 2020

# TIMELINE

## Brief History of Events

# FUNDING

- Currently looking for Seed Fund of INR 50 Lakhs at 2% Stake for developing teleportation system for a physical object
- INR 2 Crore at 5% Stakes for moving onto Human Teleportation System

# OUR TEAM

Our Motto is IRC i.e. Invent,  
Reproduce & Connect

## Prashant

*Founder & MD*

A physics enthusiast with a  
masters' degree in  
electronics and  
communication engineering

## VakilSearch

*Advisors*

Legal Advisors and  
consultants subject to  
package subscription
